taken by an enemy

Chapter 1: the capture

it was late at night and everyone was tired specially the gang (Hiccup, Astrid, Fishlegs, Snotlout, and the twins) it was a Friday and also along day. usually at this time they would be up under their covers writing air mail to each other using up their paper and tiring their terrors but not tonight specially sines they were having waaaaaaaaaaaaaay too much fun. That day in honor of it being Friday they Hiccup threw a party in the arena they played truth-or-dare, pin the tail on the Snotlout (suggested by Astrid), spin the Fishlegs(suggested by Snotlout) and other youthful games.

At the end of the party everyone said goodnight and went off to their homes and everyone was tired specially Hiccup. He was so exhausted he thought his dad was gonna have to drag him out of bed in the morning. Once he got to bed he was sleeping hardcore he even snored.

><p>this idea kept get to me Hiccup and his friends can't possebly be the only teens in berk there has to be more. Also i thought about an fan fic where the whole gang gets captured at once becuase I am a person who deeply belives in teamwork. so I wanted to mix both ideas into one storie it may have not been the best way but it"s okay<p>

Please review nothing about grammar just the plot also tell me when should i start the freak outs
